Lil' Einsteins Academy, a home away from home....

developing children as lifelong learners.

MISSION STATEMENT

Lil' Einsteins Academy exists to provide a safe, developmentally appropriate environment for preschool and school age children. Our focus is to provide a stimulating early care and education experience which promotes each child's social, emotional, physical and cognitive development. Our goal is instill the love of learning in and encourage children's desire to be life-long learners under the guidance of qualified teachers.

ABOUT US

Lil' Einsteins was established in 2007 in Gilbert, AZ. Our mission is to empower and support children and their families in the transition from home to school, while exposing children to a variety of modalities to best meet their learning style. As educators and parents, we set out to establish a facility with dedicated, well-trained, compassionate teachers to instill the love of learning to our most precious assets. The owners, Directors, and many of our teacher's children have gone through the program. We continue to hold ourselves and our staff to those high standards with low child-teacher ratios, quality education, program flexibility, all at an affordable price. Our families become part of our extended family at Lil' Einsteins.

PROGRAM DESCRIPTION

ONES (12-24 MONTHS)

This is the age of discovery. Children are beginning to develop their independence but still have a great need for one on one affection and attention. Each day brings a new discovery to meet those developmental landmarks in your child's growth. This age can be a diverse time, as some are beginning to name objects and others are talking in two and three syllable word sentences, others are starting to walk while some are veteran walkers. Gross motor skills are introduced in a variety of opportunities that support development including jumping, climbing, carrying, throwing, and much more. Music, books, movement, and discovery are essential components at this age, encouraging each child to be fully engaged.

2-3 YEARS-EARLY PRESCHOOL

Our 2-3 year old program allows varied opportunities to develop skills for entering into social groups, developing friendships, learning to help, and other pro-social behaviors. We work on developing fine motor skills in age appropriate ways while enhancing sensory-motor integration. Controlled gross motor movement including balance, strength, and coordination are introduced. Children's vocabulary and language acquisition grows exponentially which is why literacy and vocabulary through conversations, experiences, books are of great importance. Exposure to fine motor skills with writing and cutting as well as early mathematically thinking is part of our activity center based curriculum.

3-4 YEAR OLDS

The preschool program at Lil' Einsteins Academy is like no other. Our curriculum is in line with the NAEYC guidelines to meet the developmental and social needs of each child. Language arts, Science, Math, Music, and much more are covered daily. The use of songs and games and literacy through access to books, experiences that help them understand pictures can represent real things, phonics, patterning and rhyming are essential to build that reading foundation. Fine motor strength and writing is encouraged at this age as well as mathematical thinking, patterning, counting, and finding math in everyday situations. Technology and foreign language is also a critical component at the Academy.

4-5 KINDERPREP CLASSES

Lil' Einsteins prides ourselves on educating preschool age children since 2007 with glowing recommendations from Kindergarten teachers. Our Kinderprep classes are designed to prepare children with the necessary skills to be a successful learner in their transition to Kindergarten. Our curriculum is aligned with pre-k learning goals with emphasis on Kindergarten readiness. The development of physical and social skills as well as a strong foundation in literacy and math is established at this age.

We follow all U.S.D.A. and NAEYC guidelines for nutrition. We strive to offer an excellent program and healthy food options for our children. To assist us in keeping our costs down for our families we ask that you complete the attached Child and Adult Food Care Program Application. This helps assure that we are meeting the needs of our children nutritionally, which is vital for their academic success. **We ask that you do not bring candy, gum, or soda to school.**

PARENT INFORMATION/RESPONSIBILITIES

TODDLERS

Please bring two complete changes of clothes, diapers, wipes, pacifier, and anything else needed to effectively meet the needs of your child. We also ask that you bring a crib sheet and blanket to cover the cots at naptime. Please make sure that they are labeled with your child's name. Sheets will be washed at Lil' Einsteins unless parents have a preference to take them home at the end of the week. Please note that teachers will notify parents when out of diapers through HiMama and/or verbally. There will be a "Diaper Charge" of \$1.00 per diaper used should parents not provide diapers for their child. **All items must be labeled with your child's first and last name.**

PRESCHOOLERS

Please dress your child in play clothes. The children will be participating in fun outdoor activities and art projects that may get dirty. For your child's safety, we also recommend that they wear closed toe, rubber sole shoes for running around at outdoor time. For those children in the extended day preschool program we will provide cots for naptime. Please send your child with a fitted crib sheet and small blanket with their name on them.

Children will spend time outside each day. We have a strict sun safety policy. All children will be limited to 30 minutes per session of playground/outside activity time. Unlimited water will be available at all times and the play areas are shaded. It is the parent's responsibility to apply sunscreen prior to attendance. If any child exhibits signs of heat exhaustion they will be removed from the outdoor environment, treated accordingly and the parents will be notified.

ADMISSION AND RELEASE PROCEDURES

Emergency forms and current immunizations must be complete prior to students attending Lil' Einsteins Academy. Children will be released to authorized individuals only. We must have prior written authorization by a parent or guardian to release a child. You will find an area on the Emergency Information Card to list individuals who are authorized to pick up your child. Every individual will be asked to show a valid picture I.D. prior to the release of the child.

Every child must be signed in and out each day. Each child will be assigned a code upon enrollment to access the keypad at the front. If you have any questions about this system, please see the Director. The entry into Lil' Einsteins Academy is kept locked for security purposes.

TOILET TRAINING

We are more than happy to encourage potty training as long as the child is ready (typically between 2 and 3 years old). The initial start needs to be done at home for at least two weeks with success before it can be effectively started at school. Parents will be required to supply pull-ups and wipes. Children will be allowed to come to school in cotton training pants/underwear after they have been accident free for at least two weeks in pull-ups. Communication between parents and the school/teacher is imperative for a successful transition from diapers to toilet. Please note that teachers will notify parents when out of diapers through HiMama and/or verbally. There will be a "Diaper Charge" of \$1.00 per diaper used should parents not provide diapers for their child.

Lil' Einsteins participates in the Child and Adult Care Food program, CACFP (Please see attached forms in the handbook and complete with your child's registration.)

A FINAL NOTE

It is important that you feel comfortable with our policies and procedures. If you do not understand something, have a concern, or you feel uncomfortable with one or more of our policies and/or procedures it is important that you express that to us before enrolling your child in our program. We are always open to suggestions and feel communication is a very important part of a quality school. If there are any problems or concerns in the future, we encourage you to talk to us about them. If a lengthy discussion is needed, a time that is convenient for both of us will be scheduled, as the other children still need our attention during business hours. Thank you for the opportunity to work with you and care for your little one. We look forward to a future of keeping your child smiling, safe, and learning.

Discipline Policy

Rules will be discussed and implemented during the first weeks of school. After the children have learned the rules we will talk about one of the rules each class day to help them remember. We understand that your child is very young. **Our motto is progression not perfection.**

We maintain a positive discipline policy, which focuses on prevention, redirection, love, consistency and firmness. We stress two main patterns of behavior: respect for other people and respect for property. The children are explained the rules of the school frequently, so they are all familiar with the guidelines. Please keep in mind that there WILL be disagreements between children. Young children have a hard time expressing their feelings. We will try to prevent problems by establishing expectations and consequences, providing positive guidance, redirecting when appropriate, discussing inappropriate behavior, encourage making amends when offense involves another person, and sometimes withdraw privileges based on the principle of "natural consequences". An example might be where a child is misusing a toy then he/she will not be allowed to play with the toy for a period of time. The use of time outs will be rare except when a brief cooling off period is needed. Sometimes when children are fighting or throwing toys, we will put the toy in a short time out, and then bring it back into circulation a little later. This seems to work better than giving the child a time out.

If a discipline problem arises that does not respond to the above mentioned techniques, we will hold a conference with the parents. Together, we will try to find a solution. You may be called to remove your child if his/her behavior prevents us from being able to properly care for the other children. If the problem continues, other arrangements for the care of the child will have to be made, for the safety and well being of all.
